Out of This World! Research and Citation

As part of library class, 3rd graders are exploring citing sources used when learning new information. This skill is a must when doing research projects!

Use www.pebblego.com. Click on “space”. Choose a topic that interests you.

**TOPIC:** _______________________________________

*Write 2 new things you learned in your own words.*

1. __________________________________________________________________________

2. __________________________________________________________________________

Since you learned something new, you must cite the source!

Click on “cite this article”. Write down the citation:

__________________________________________________________________________

Please return to Ms. Arika! Name: __________________________
